

August 31st 2011

Throughout my 28 years of civic duties as Councillor and Mayor for both the City of Croydon and City of Maroondah, The Footmen Club has generously assisted both the disadvantaged and needy in our community.

Much of their assistance is in response to notification of cases by local social welfare agencies; often when urgent assistance is not available from other sources.

The Footmen Club is a bona fide local service club that conducts fundraising events, but is not able to raise sufficient money to satisfy the demands of increasing applications.

Their fundraising is supplemented by some generous local business owners and individuals who make annual donations and the Club recognises that only an increase in this form of support can alleviate the funding shortfall.

I am pleased to support this initiative and supply this testimonial on their behalf to encourage further donations which will greatly benefit those less fortunate in our community.

Councillor Les Willmott JP
Wyreena Ward
Maroondah City Council
